

What's SpellingTime?

Introduction:

1. SpellingTime is an online spelling program specifically designed for elementary school children, parents and teachers.
2. The program presents the weekly spelling list in a dynamic, fresh environment making learning fun and promoting scholarship and independent study;
3. SpellingTime utilizes leading edge text to speech technologies and phonetically correct interactive avatars;
4. Users are rewarded with an arcade of games to play once they have completed their lessons;

Benefits to Young Learners:

1. Provides an interactive environment that promotes self-learning and independent study;
2. Simulates classroom test taking scenarios;
3. Defeats test anxiety and builds self confidence;
4. Delivers early computer based learning experience and improves typing skills;
5. Builds a positive association with academic evaluation (test taking).

Benefits to Parents:

1. No longer required to sit with and review word lists with your child;
2. SpellingTime.com instantaneously sends progress reports and quiz results via email;
3. Children love the application and their grades WILL improve;
4. Excellent educational alternative to TV, video games and the internet;
5. Leverages existing technologies – computer and broadband connection.

Proper Foundation:

For many young learners, the Friday spelling test is their first encounter with scholastic evaluation. In order to foster a positive association towards test taking and scholarship, these earliest experiences need to be fun and encouraging. SpellingTime provides a proven, interactive learning platform capable of promoting each student into the 100% Club!

“The best part about this program is the way the spelling words are presented — in a clear, spoken voice, used both alone and in a sentence.”

Testimonials

"As a father I can honestly say that my child loves it.

He got to do the word search on the smart board at school today which makes it larger than life.

When he got home, he logged on and did it again just for fun. He said he is hoping to make a 100% on this weeks test."

"Firstly, I want to say that SpellingTime.com is an incredible learning tool. My daughter actually looks forward to practicing her spelling! And, I hate to brag, ..she made 100% on last Friday's test. Thank you!"

**Tim Graney

"I teach first grade and it has really made a difference with our students. One little guy who had been getting 70's on his spelling tests, got his first 100 last Friday. What a thrill for him. My students get to make their 100 test into a paper airplane and fly it to see who can go the furthest. He won so he got a prize out of the prize box. He kept say, "I'm having a lucky day!" Thank you for developing this site."
